

Important Notes:

1. Marine repeaters are designated for vessel movements and the safety of vessels and persons. Chatter and other inappropriate use is not permitted and could endanger lives at sea.
2. Vessel operators are reminded that they must hold a minimum of a Marine Radio Operators VHF Certificate of Proficiency to use a VHF radio.
3. Repeater coverage is indicative only and may vary between vessels and propagation conditions.
4. This map is not to be used for navigational purposes.
